FOREWORD

On February 11, 1986, the Thirty-Second Legislative Assembly of the Province of Manitoba was dissolved and Writs were issued to Returning Officers ordering that a provincial general election be held on March 18, 1986.

The boundaries of the electoral divisions were as established in 1978 under The Electoral Divisions Act and were the same as those used in the 1981 election. Maps of the electoral divisions showing the polling subdivision boundaries are included in this volume. Descriptions of the polling subdivisions are included in an appendix to this report.

Nominations closed on February 25, 1986, and 219 candidates were nominated in the 57 electoral divisions. Candidates who represented one of the seven political parties registered under The Elections Finances Act appeared on the ballots with their party affiliation and the balance of the candidates were shown as independents. Three candidates withdrew before election day leaving 216 candidates to contest the election as shown by the following:

Registered Political Party	Nominated	Withdrew	On Ballots
Communist Party of Canada (Manitoba Committee)	5	—	5
Confederation of Regions Manitoba	14	—	14
Liberal Party in Manitoba	57	—	57

AVANT-PROPOS

Le 11 février 1986, la trente-deuxième Législature de la province du Manitoba a été dissoute et des décrets de convocation des électeurs ont été adressés aux directeurs du scrutin afin d'ordonner la tenue d'élections générales dans la province le 18 mars 1986.

Le découpage géographique des circonscriptions électorales était identique à celui qui avait été établi en 1978 en vertu de la Loi sur les circonscriptions électorales et ces circonscriptions étaient les mêmes que celles dont on s'était servi pour les élections de 1981. Ce document contient des cartes des circonscriptions électorales qui précisent les limites géographiques des sections de vote. Une annexe à ce rapport donne les descriptions des sections de vote.

La date limite des déclarations de candidature avait été fixée au 25 février 1986 et 219 personnes ont été déclarées candidates dans les 57 circonscriptions électorales. Les candidats qui représentaient l'un des sept partis politiques inscrits sous le régime de la Loi sur le financement des campagnes électorales ont été mentionnés sur les bulletins de vote, ainsi que leur appartenance politique, et les autres candidats y ont figuré comme indépendants. Trois candidats ont retiré leur candidature avant le jour du scrutin ce qui a porté le nombre de candidats aux élections à 216 répartis ainsi :

Parti politique inscrit	Nbre de personnes déclarées candidates	Nbre de retraits de candidature	Nbre de candidats sur les bulletins de vote
Parti communiste du Canada (Manitoba)	5	—	5
Confederation of Regions Manitoba	14	—	14
Parti libéral du Manitoba	57	—	57
Parti progressiste-conservateur du Manitoba	57	—	57
Parti progressiste du Manitoba	13	1	12
Nouveau parti démocratique du Manitoba	57	—	57
Western Canada Concept (Manitoba)	6	1	5
Indépendant	10	1	9
TOTAL	219	3	216

Advance polls were held in each electoral division on March 1, 5, 8, 10 and 13 at one or more locations. As well, there was advance voting in Returning Offices on March 3, 4, 6, 7, 11, 12, 14 and 15. 17,158 persons, or 3.58% of total persons voting, used advance polls. 9,748 ballots were cast at the regular advance polls and 7,410 were cast at the advance polls in Returning Offices.

705,383 voters were registered to vote and 479,019 or 67.91% voted. Registration of voters was done as follows:

	Number	Percent
Enumeration (February 12-20)	669,769	94.95
Revision (February 28-March 1)	15,084	2.14
Sworn on at Poll (March 1-18)	20,530	2.91
TOTAL	705,383	100.00

An amendment to The Elections Act provided that any eligible voter whose name was not on the Voters' List was able to swear on at the poll by showing two pieces of identification and swearing an oath of eligibility.

Polling day was March 18, 1986. A total of 480,422 ballots were used at the polls as shown in the following:

	Number	Percent
Spoiled Ballots	1,067	.22
Declined Ballots	313	.07
Ballots taken from Poll	23	.01
Ballots Cast	479,019	99.70
Total Ballots Used	480,422	100.00

Of the total ballots cast (479,019), 477,690 or 99.72% were valid and 1,329 or .28% were rejected.

Efforts were made to ensure that all advance polling places and, where possible, all regular polling places were wheelchair accessible. A survey conducted during the election indicates that approximately 70% of the regular polling places were wheelchair accessible.

On March 18, 2,795 regular polls were established. In addition, 50 moving polls served small hospitals, nursing homes and remand centres and 25 hospital polls served the larger institutions. House-bound voters were offered the use of a mail-in ballot and 1,473 voters took advantage of this service.

After the Returning Officers completed their official counts, a judicial recount was required by law in the Roblin-Russell electoral division. Recounts were also held in Swan River and Springfield. The outcomes of the races in these three electoral divisions were not changed by the

Un scrutin par anticipation s'est tenu dans chacune des circonscriptions électorales les 1er, 5, 8, 10 et 13 mars en un seul ou plusieurs endroits. De même, un scrutin par anticipation aux bureaux des directeurs du scrutin a eu lieu les 3, 4, 6, 7, 11, 12, 14 et 15 mars. Parmi toutes les personnes qui ont voté, 17 158 d'entre elles, soit 3,58 %, ont voté par anticipation. Un total de 9 748 votes ont été exprimés au scrutin par anticipation ordinaire et 7 410 autres l'ont été au scrutin par anticipation aux bureaux des directeurs du scrutin.

Au total, 705 383 électeurs étaient inscrits pour voter et 479 019 d'entre eux, soit 67,91 %, ont exercé leur droit de vote. Les électeurs ont été inscrits de la façon suivante :

	Nombre	Pourcentage
Recensement (12-20 février)	669 769	94,95
Révision (28 février-1er mars)	15 084	2,14
Serment prêté au bureau de scrutin (1-18 mars)	20 530	2,91
TOTAL	705 383	100,00

Une modification à la Loi électorale stipulait que tout électeur habile à voter et dont le nom ne figurait pas sur la liste électorale pouvait prêter serment au bureau de scrutin en présentant deux pièces d'identité et en prêtant un serment visant son habilité à voter.

Le jour du scrutin était le 18 mars 1986. Un total de 480 422 bulletins de vote ont été utilisés aux bureaux de scrutin et se sont répartis ainsi :

	Nombre	Pourcentage
Bulletins détériorés	1 067	0,22
Bulletins refusés	313	0,07
Bulletins sortis du bureau de scrutin	23	0,01
Suffrages exprimés	479 019	99,70
Total des bulletins utilisés	480 422	100,00

Parmi tous les suffrages exprimés (479 019), 477 690 d'entre eux, soit 99,72 % étaient valides et 1 329, ou 0,28 %, étaient rejetés.

Des efforts ont été entrepris afin de faire en sorte que tous les bureaux de scrutin par anticipation et, lorsque c'était possible, tous les bureaux de scrutin ordinaire soient accessibles aux handicapés se déplaçant à l'aide de fauteuils roulants. Une enquête menée pendant l'élection a révélé qu'environ 70 % des bureaux de scrutin ordinaire étaient accessibles aux handicapés.

Le 18 mars, 2 795 bureaux de scrutin ordinaire ont été établis. Par ailleurs, 50 bureaux itinérants ont desservi des petits hôpitaux, des maisons de repos et des centres pour adultes en liberté conditionnelle, et 25 bureaux installés en milieu hospitalier ont desservi les plus grands établissements. Les électeurs incapables de quitter leur domicile pouvaient voter par correspondance et 1 473 d'entre eux ont fait appel à ce service.

Lorsque les directeurs du scrutin ont eu terminé le dépouillement officiel des bulletins de vote, il a fallu procéder à un dépouillement judiciaire dans la circonscription électorale de Roblin-Russell. On a également eu recours au dépouillement judiciaire dans les circonscriptions

recounts. The judicial recounts were conducted as follows:

Electoral Division	Date	Judge
Swan River	April 8-9	Justice Darichuk
Springfield	April 14-15	Justice Barkman
Roblin-Russell	April 14-15	Justice Darichuk

The Chief Electoral Officer published notice of the returns from 56 electoral divisions in the Manitoba Gazette on May 3, 1986. The return from Swan River was published on May 17, 1986.

The poll-by-poll results are included in this report. The results of two by-elections held during the Thirty-Second Legislature and a historical summary of results from Manitoba's general elections are also included.

Information about the financial statements required to be filed under The Elections Finances Act will be published separately.

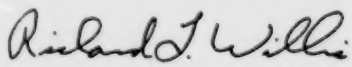
de Swan River et de Springfield. Ces dépouillements n'ont pas changé les résultats dans ces trois circonscriptions. Les dépouillements judiciaires ont été effectués ainsi :

Circonscription électorale	Dates	Juge
Swan River	8-9 avril	Juge Darichuk
Springfield	14-15 avril	Juge Barkman
Roblin-Russell	14-15 avril	Juge Darichuk

Le 3 mai 1986, le directeur général des élections a publié avis des rapports d'élection des nouveaux députés pour 56 circonscriptions, dans La Gazette du Manitoba. Le rapport d'élection concernant la circonscription de Swan River a été publié le 17 mai 1986.

Ce rapport contient les résultats des élections par bureau de scrutin mais également les résultats de deux élections partielles qui ont eu lieu pendant la Trente-deuxième Législature ainsi qu'un compte rendu des résultats d'élections générales précédentes dans la province du Manitoba.

Les renseignements concernant les états financiers qui doivent être déposés conformément à la Loi sur le financement des campagnes électorales seront publiés séparément.



Le directeur général des élections,
Richard T. Willis

** In calculating total vote in the Winnipeg constituencies the higher of the two total votes cast figures "A" or "B" was used.
\+ Party totals include two votes per voter in Winnipeg, therefore party totals exceed total votes cast.
++ Winnipeg voters in the three "A" & "B" seats were entitled to two ballots, one for each race. Thus totals and percentages above exaggerate the influence of Winnipeg. Below are the percentages for the rural areas and for Winnipeg separately. An "equalized" figure is also given.

* Registered electorate in contested electoral divisions only.
** In the three Winnipeg constituencies, the highest of the "A" and "B" total votes cast figures was used to calculate the total.
\+ In the calculation of total turnout the number of eligible voters *excluding* those in the constituency in which there was an acclamation, was used.
++ In calculating party totals *both* "A" & "B" figures were included from the three Winnipeg constituencies—thus the sum of party totals is a figure larger than "total vote".
† Voters in the three Winnipeg constituencies each cast two ballots, one for each of the "A" and "B" seats. Thus provincial totals exaggerate the influence of the Winnipeg vote. Below are separate totals for the rural and urban (Winnipeg) areas. An "equalized" provincial figure is also given, in which the influence of the double vote has been eliminated.
